Select Winter Permit System Boundaries

NOTE: Not all Permit Areas are included in this document

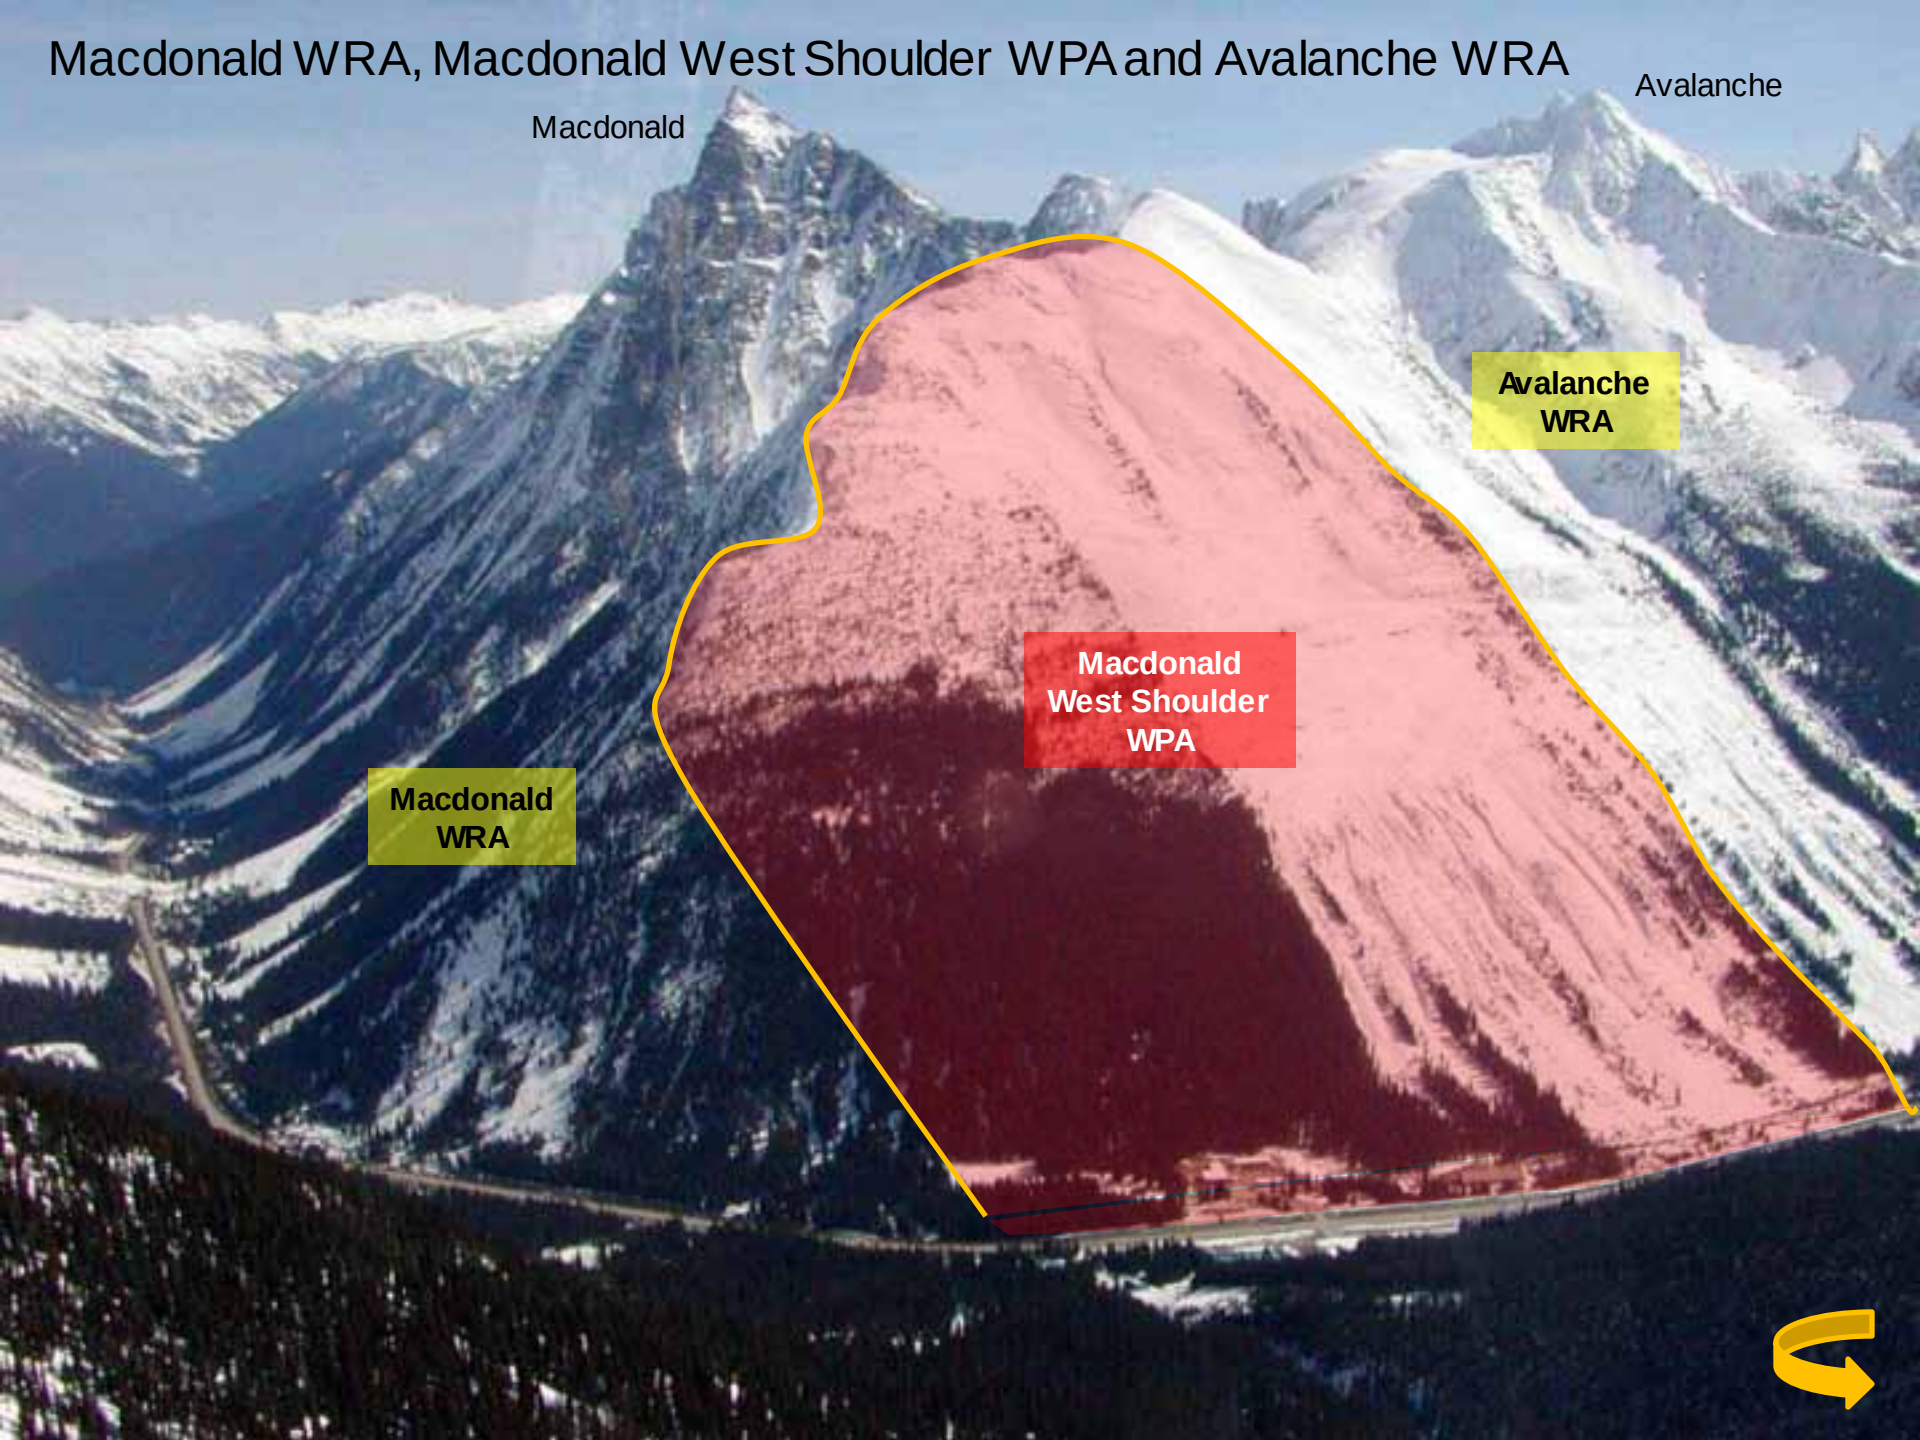

WRA - Winter Restricted Area

*A valid Winter Permit is required to park a vehicle or ski in these areas. Permit holders can only ski here on days when the area is posted as **open**, when there is no chance of artillery fire happening in the area.*

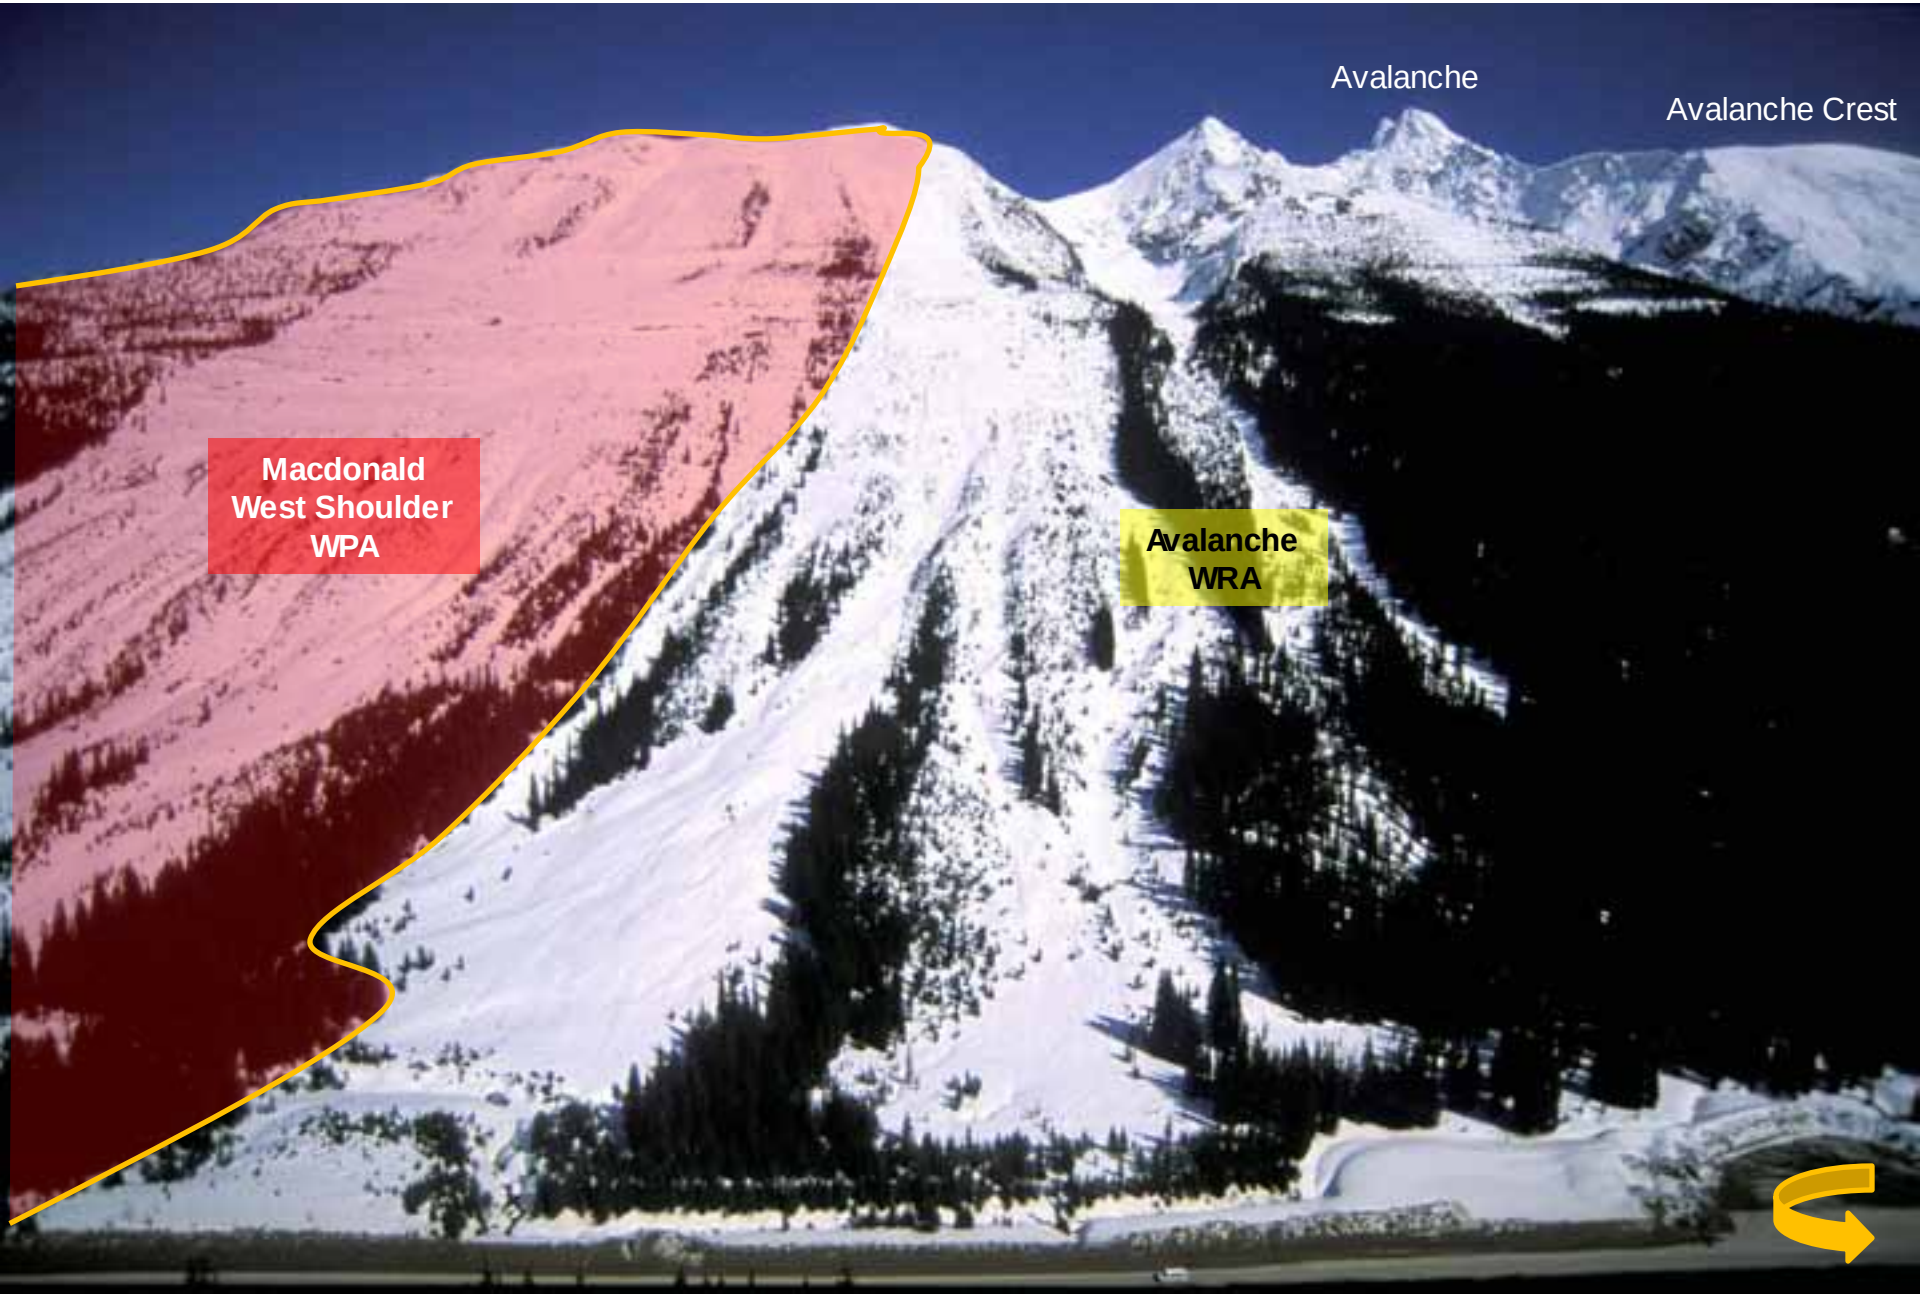

WPA - Winter Prohibited Area

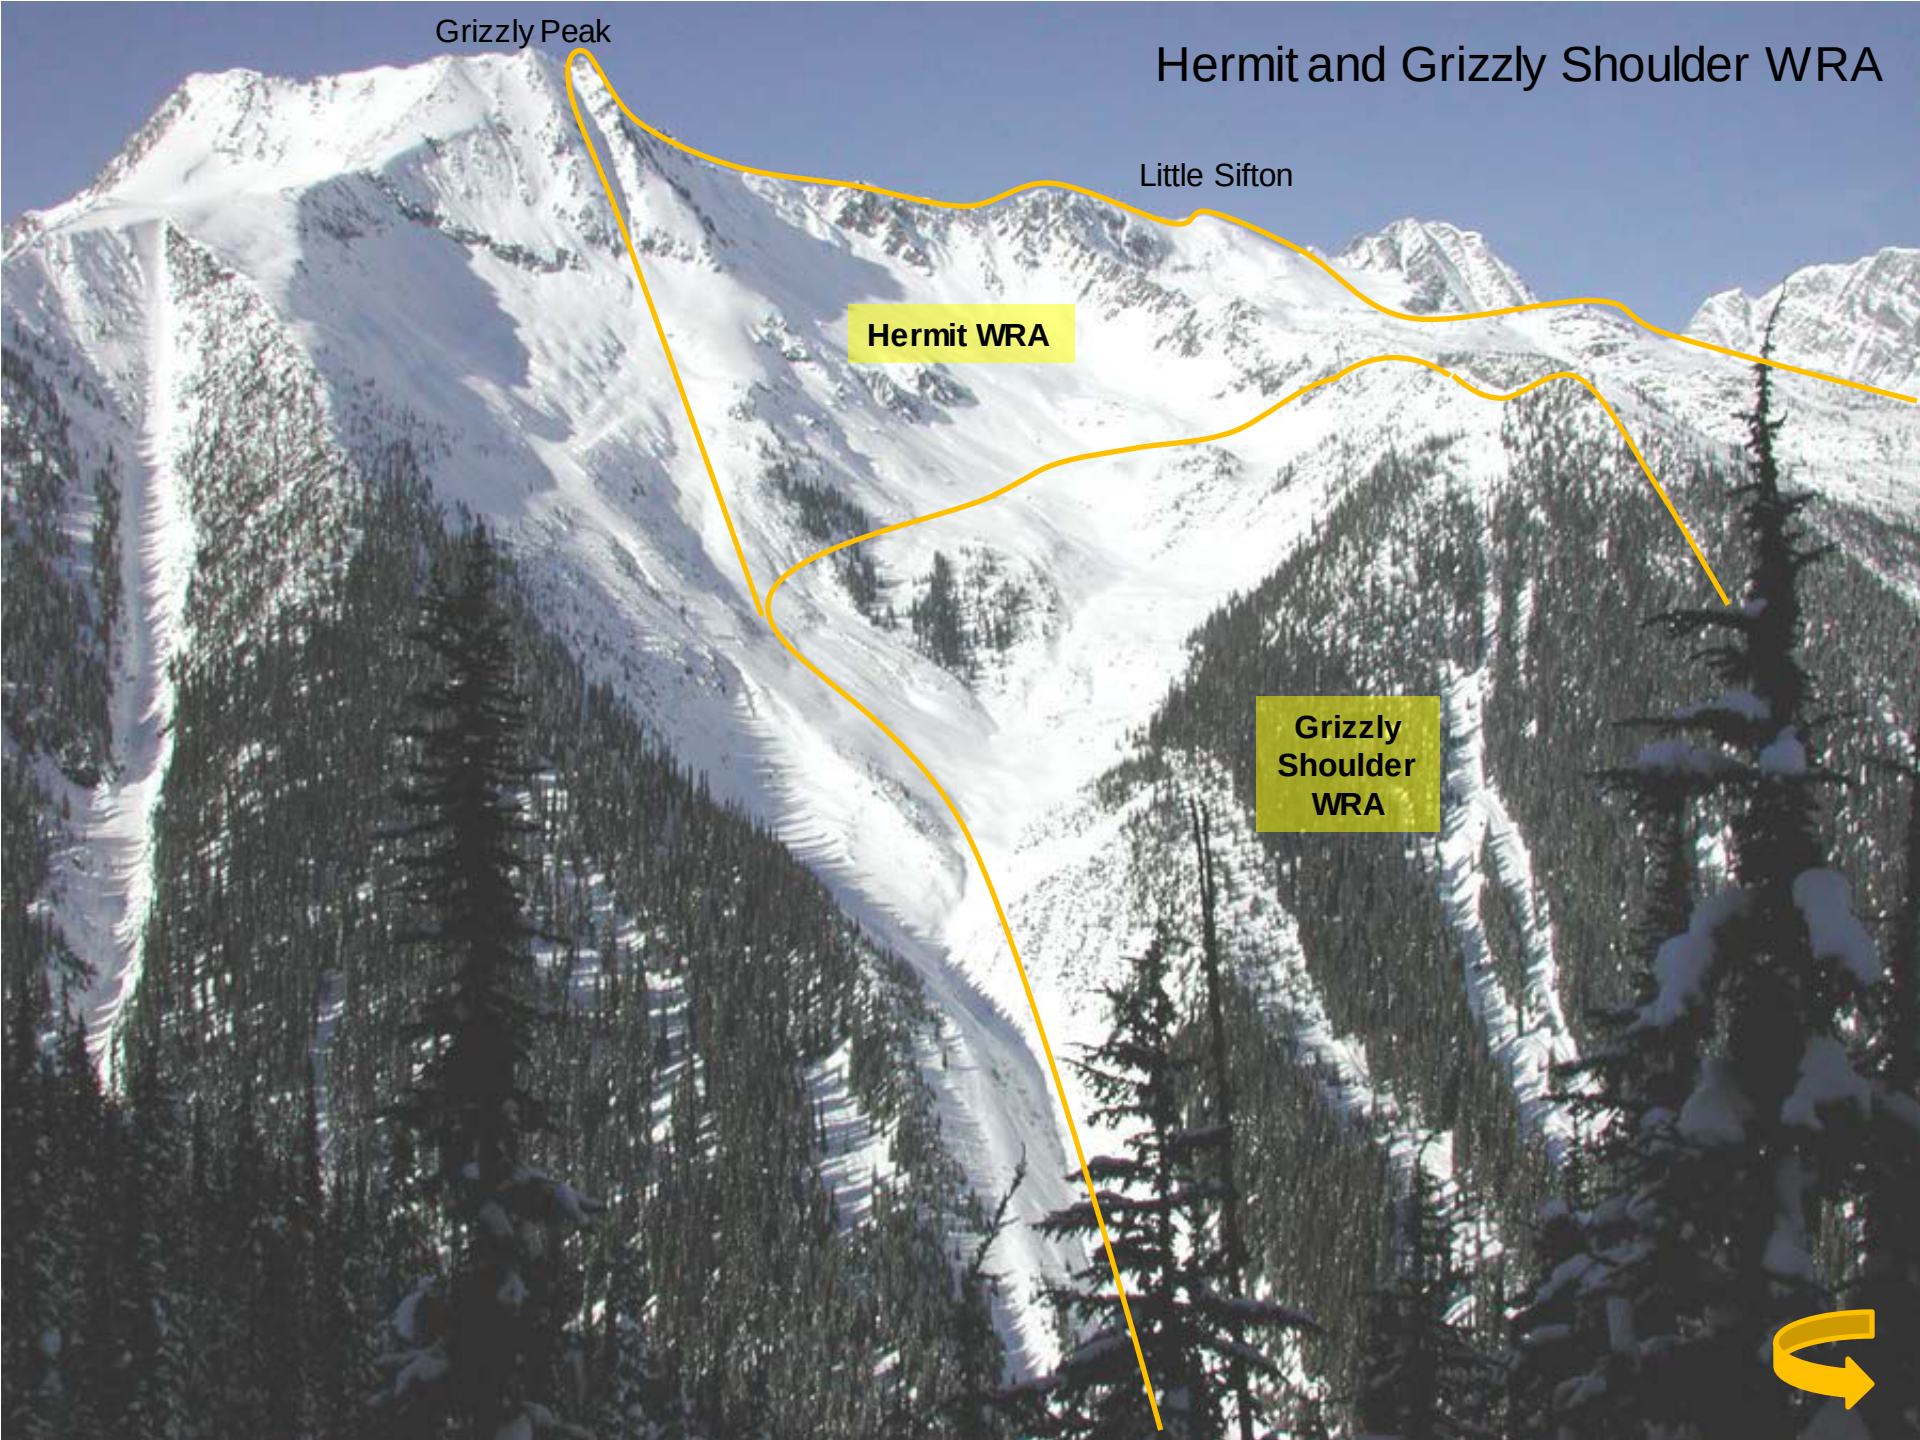

These areas are closed to visitors all winter. The areas are used for snow study, explosive testing or are at risk of triggering avalanches directly onto the highway
